About Me

I'm Sheikh Farid, born in Rangpur and now living in Gazipur. I hold a Diploma in Mechanical Engineering from Rangpur Polytechnic Institute and currently work as a WordPress Developer at Rokonline Inc. With years of experience in engineering and web development, I specialize in creating user-friendly and visually appealing websites. Passionate about my craft, I prioritize quality and clear communication in all my projects.

Experience

2023-Running

Rokonline Inc. (Remote)
WordPress Developer(Part-time)

Build, customize, and maintain WordPress websites. Key tasks include creating themes and plugins, ensuring responsiveness, optimizing performance, troubleshooting, and collaborating with clients to deliver functional and attractive websites.
